Step 3 - Results

Directions. List your two highest scoring pathways. Then, list two favorite careers from each pathway. (See Pathway sheets.)

Pathways

Name _____

Date _____

Pathways are broad groupings of careers that have similar characteristics and employment requirements. They provide a useful framework to aid you in career exploration and can help students focus on courses of study based on personal interests.

Arts & Communication

Business & Marketing

Health & Human Services

Science & Natural Resources

Technology & Engineering

Step 1 – Pathway Assessment

Directions. Circle the numbers of the statements that clearly feel like something you might do, say, or think. Statements that other people might say are true about you also work.

1. I am creative, innovative, or imaginative.
2. I am usually an outgoing type of person.
3. I would like to learn how to help people in their work and personal lives.
4. I do well in math and/or science.
5. I have the ability to work accurately and precisely.
6. I like to create with my hands.
7. I can convince my friends to do what I want.
8. I would enjoy protecting the safety of others.
9. I like working independently.
10. Following directions and doing things correctly are important to me.
11. I like to express my feelings and ideas visually or by performing.
12. Competition is fun for me.
13. I am definitely a “people” person.
14. I enjoy discovery and completing projects.
15. I am disciplined and hard working.
16. When I work I like to be free flowing and spontaneous.
17. I work well with other people and make them feel good about themselves.
18. I am interested in family relations, child development and/or teaching.
19. I enjoy learning and understanding about the world.
20. I enjoy solving problems, using facts and judgment.
21. I would do well giving a speech or participating in a debate.
22. I am organized, efficient, and comfortable doing detail.
23. I am fascinated by the human body and its workings.
24. I like to see concrete results from my work.
25. I enjoy routines and am rarely bored.
26. I enjoy creative work involving design, color, form, and material.
27. I like to see the big picture and make decisions.
28. I like knowing how things work.
29. I have good observational skills and enjoy practical solutions.
30. I would like working with machines and equipment.
31. I’m good with words, both writing and speaking.
32. I consider myself to be a good leader.
33. I can work in fast-paced, high-stress environments.
34. I am interested in dealing with scientific and technical ideas.
35. I like to construct, assemble, or repair things.
36. I enjoy working with computers and/or video equipment.
37. I feel comfortable being in a position of power or influence.
38. I have the ability to work both alone and with others.
39. Given a choice, I prefer to be outdoors.
40. I need to understand things and I can make things work.
41. I look forward to seeing art shows, plays, and/or good films.
42. I can sense when a person needs to talk to someone.
43. I like being physical and working hard.
44. I like to do practical, hands-on activities.
45. When I say, “I’ll do it”, I follow through on every detail.
46. I like influencing and sharing ideas with people.
47. I like to work with people in a business setting.
48. I enjoy helping others learn new things.
49. I am able to follow procedures with great accuracy.
50. I like to work in a logical and linear way.

Circle the numbers of the activities that you like to do.

51. Drawing, sketching, or painting.
52. Developing and implementing a smooth running system.
53. Jogging, body building, or playing sports.
54. Solving puzzles or math problems.
55. Organizing things.
56. Attending dance, musical, and/or theatrical events.
57. Leading a campaign or cause.
58. Listening to a friend talk about their life troubles.
59. Being outdoors: walking, bicycling, observing nature.
60. Working in different settings.
61. Creative writing, writing in a journal or writing poetry.
62. Developing and maintaining friendships.
63. Volunteering or doing community service.
64. Debating and discussing new ideas and information.
65. Repairing things or operating tools.
66. Preparing a presentation or giving a talk.
67. Convincing others to do something fun.
68. Teaching, or helping to teach, someone something new.
69. Looking at natural phenomena or studying my surroundings.
70. Assembling crafts, projects, or building models.
