

RHS Excellence in Education Foundation adopts class of 2011.

RHS Alumni of the EIE Foundation have adopted the incoming class of 2011 in honor of the upcoming centennial celebration of Renton High.

The cornerstone of the school was laid in 1911. Since that time RHS has had a long history of
Pride, Tradition and Excellence.

Renton High School Excellence in Education was established in 2001 by RHS alumni, staff, parents and community supporters to create an endowment and provide supplemental resources to help meet current and future needs for Renton High School programs and students. Their mission is to build on Renton High School's tradition, instill pride in the school and promote excellence for all students.

To that end the EIE intends to provide all the encouragement it can to the class of 2011 so that every member of this special cohort commits to attending an institution of higher learning after graduation.

A scholarship fund has been created to support as much as possible the academic needs of every RHS scholar continuing their education after graduation.

You can provide your support by contacting:

Roxanne (Nelson) Hanson, '76
